We are Texas' First Eyelash Salon

WHERE WE CAME FROM...

The owner, Anna Phillips is a licensed Esthetician, Massage Therapist and Permanent Make-Up Artist and has worked in a variety of Day Spa's, Salons, & Medi-Spa's for nearly 10 years. She came across the new craze of semi-permanent eyelash extensions when it first hit the United States. Anna quickly became one of the first Certified Eyelash Extension Trainers for the #1 eyelash extension company, Xtreme Lashes™. She has traveled all over the US training other technicians in the artistry of eyelash application and is also one of the few Advanced Certified Trainers on the team. In the process of perfecting her skill and training others – her clientele grew until she could no longer handle the demand herself. It was time to expand and take a chance at creating a new salon that specialized in mainly Semi-Permanent Eyelash Extensions, and so The Lash Lounge™ was born. Since the doors opened at the first store on August 22, 2006 – word of mouth has traveled about the expertise and customer service offered at The Lash Lounge, it quickly became time to add even more locations.

WHAT MAKES US BETTER...

Every technician has been hand selected for skill and excellent customer service by the owner. Anna has personally trained each technician to bring their skills to a level that is heads and tails above any other eyelash technician out there. We have done our research to offer only the safest and highest quality products on the market. We also provide the best application that will not damage your lashes. (Be careful of other techniques as they can cause harmful reactions and damage the natural hair growth of your own lashes)

Most of all, we care about our clients and want to provide the best service and experience to every customer.

WHY SHOULD YOU TRY EYELASH EXTENSIONS?

This service provides a fuller, longer, darker lash line than you could ever achieve with the best mascara on the market. It will turn back the clocks and enhance your eyes so much, that you will become addicted very quickly. Best of all, it creates a low-maintenance lifestyle for any busy woman who wants to wake up already looking beautiful and ready for the day.
